Recommendation - Sandy Herring

I had the pleasure of hiring Sandy into Wil Film as a modeler. And have not regretted it since. Sandy is a fast learner and does not say no to a challenge. I saw that very fast after hiring her and her rookie status in maya fastly became experienced and quickly got her into rigging to. She is also very independent and deliver on time. Sandy has a broad knowledge of graphic programs and that makes her very versatile in many tasks. I would not hesitate myself to hire her again, and can only recommend her.

Best Regards
